Tainan is a historic city featuring rich cultural heritage that can be seen in all aspects of this place. We create a modern yet nostalgic atmosphere that derives from a colorful history and our cutting-edge development. In 2024, we will reach a new milestone in the international community by launching a series of events known as "TAINAN 400", among which the first event would be Taiwan Lantern Festival that has not been seen for 16 years in Tainan. As the first event of "TAINAN 400", Taiwan Lantern Festival means profoundly for all of us, so in 2024, the year of Dragon, we would like to invite you to celebrate such a memorable moment with us.
